PRESIDENT'S MESSAGE

Over the years, there have been many appeals made to our members and well-wishers for funding and assistance for our Welfare Beneficiaries. To all of us on the committee, it is truly heart-warming to experience and also be humbled by the generous responses we have to these appeals. Your generosity and support, has always been inspirational and over the years, there are many people with no one or nothing to turn to, who have benefitted from your acts of kindness, changed their lives and made this world a better place to be in. Those we do not know, should never be strangers to us. We reach out to help each other in times of need and feel for those affected by personal tragedies, natural disasters and other circumstances beyond their control. One wonders if our paths would have ever crossed and yet, we reach out to help. A person we have never met, no longer a stranger. Deep down, we all live by this fundamental precept that life, lives and co-existence is important to all of us and we need to reach out and help one another.

I am sure that the constant threats unfolding around us have made many of us despair and wonder what the future holds for us, our loved ones and future generations. Yet it is also a simple truth that over the years, the generosity of spirit and caring for our fellow person has triumphed over all adversity and given us an understanding of what we can all work towards and aspire to. A better and peaceful future.

To this end, we have to look no further and simply think about the work we do. As members of the club, we have formed bonds of lasting friendships over the years, united in a common goal in 'Caring for the Less Fortunate'. We have looked positively to the future by implementing a plan to sponsor and educate a future generation of children. The key, to make this a better world is for all of us to continue to help our fellow person, involve them and by example, show them that generosity and kindness is the greatest virtue that binds people together and fosters harmony and goodwill.

To this end, let us all join hands to continue the valuable work we do. As members, the enormous support you have given the Eighty Club Melbourne over the years has given us the opportunity to evolve and go from strength to strength, and, all those who are fortunate to receive your help are truly indebted to you.

However in order to grow, we also need your help to continue into the future. As a special request, I am asking that each and every member invite and enroll a new member, in the club. Remember that the number one reason why potential members do not join is because no one has invited them. Let us all reach out to invite and welcome new members into our midst. We can and should, as many others have done before, show that there is no greater achievement in life than being remembered for your good work and the impact you make in people's lives. Put a smile on somebody's face today and it will bring you joy forever. As members, you have been truly generous and your loyalty to our cause has been inspirational. Membership is the key to our success, not only to be charitable to the Less Fortunate, but to also form bonds of friendship and to involve each other in the realization that we are all here to help one another. That is and should be our common goal and our ultimate aim to make this world a better place for all of us.

Thank You

Earle Ferdinand

WELFARE BENEFICIARY NEWS

The generosity of our members has never ceased to amaze us. This Club does not set up Appeals for any cause BUT all we do is describe the circumstances of a case needing help to our members and they respond, spontaneously and generously.

From time to time we are confronted with real tragedies where families are desperate for help because the breadwinner has been struck down suddenly and his dependents have no one to turn to but the Eighty Club Melbourne.

Our last Newsletter, highlighted the plight of Roshan Hansay, who lost both legs in a train accident. A tailor by trade, he required an electric sewing machine to enable him to earn a living and support his young family

The immediate response to this article was tremendous with offers of help from many of our members and within a fortnight we had the necessary funds to help this poor family. With the help of Mrs. Etienne Jayatunga of the DBU, Colombo, we were able to source and purchase a suitable Singer electric sewing machine

in Sri Lanka. His story was brought to our attention by Monique Renaut, who sponsors the children in their education and had the good fortune to visit them in Sri Lanka.

On behalf of this family, the club together with Monique, would like to thank all those who contributed to this cause and gave this family a reason to smile and more importantly the ability for Mr Hansay to provide for his family.

A Janome over-locker machine was also gifted by Mrs. Grace Helsham and this machine will be freighted over to him shortly.

Pictured here is Roshan with his son, collecting the sewing machine from the DBU in Colombo.

I learned
to GIVE
not because
I have much
—
but because
I know exactly
how it feels to
have NOTHING.

I find that this adage says it all. I am sure that it applies to many of us who did not start out blessed with all the good things that life had to offer. Instead, we worked hard and clawed our way up the ladder of success until we were comfortably off and knew where our next meal was coming from. So, it was easy to understand the plight of those who had not made it at all. There could be many reasons for their lack of success. The well worn 'bad luck' or it could be that they did not get the breaks that they deserved.

Who are we to sit in judgement? But, having been in their situation at one time, I find it easy to share what I have with those who have little or nothing.

Happily, there are many others like me, judging from the success of this Club in its fund raising efforts over the years, to assist the less fortunate of our brethren in Sri Lanka. Whether we help by donating money or giving of our services willingly to help in the smooth operation of the Club's activities, WE ARE GIVING, and that brings a sense of great satisfaction to all of us in this wonderful Club.

May we always be filled with the desire to see this Club go from strength to strength – because of our willingness to GIVE!

Any help or donation,
no matter how small,
will be deeply
appreciated and is
much needed.

“One must be poor to know the luxury of giving.” — [George Eliot](#)

STUDENT SPONSORSHIP NEWS

The Burgher Union Batticaloa recently organized a successful one day seminar for all the sponsored students.

The seminar was held at the BUB premises and took the form of a motivation program; to encourage greater effort in their studies. All the sponsored students currently undertaking secondary schooling were present.

The seminar was conducted by the Reverend Father Navaratnam, a lecturer at the Eastern University Batticaloa.

The areas covered in the program included as its main thrust:

- The importance of Education in modern Sri Lanka. What are the barriers to study?
- How to develop ones studying skills e.g.- increase of memory power, grasping the concepts of the subjects studied
- Overcoming disagreement between the parents and students e.g.-selection of subjects for the Advanced Level without considering ones capacity and interest
- Studying for ones future.

The BUB Committee members, Terry Stockvus, Terrance Sellar, Jude Ragel and Delanie Sellar were also present and assisted in running the day's activities.

The Burgher Union, Batticaloa is to be congratulated on this very worthwhile achievement.

Dear Members

The club over the last 30 years has been looking after the educational and physical needs of poor young children in Sri Lanka.. Despite the lack of resources and opportunities that otherwise would have been unavailable to them, we have been instrumental in providing them with the basic needs and opportunities for them to thrive. We do all we can, to provide them with support, in order to boost their morale and develop them mentally. The success that we have achieved – can be judged from every smile that greets us when we are fortunate to visit these children and in the simple and touching letters of thanks sent to us.

As the Christmas holiday season is arriving, expectations in these young hearts are rising. For most of the children under our care, Christmas has never meant much, since they have not had a family to

celebrate with or a toy to look forward to. However, as Christmas arrives, Marie and I, have our hands full with raising the funds necessary to present these children with a gift and filling their young hearts with joy and more happiness than they have acquired during the year.

We would like to ask for your assistance to make the wishes of these children come true. Over the years the Children's Christmas Gift Fund has enabled us to continue the tradition that every child should receive a gift at Christmas. By donating to this cause, you will be participating to make the students under our care happy with their lives and find the true spirit of Christmas.

We look forward to hearing from you.

OUR GRATEFUL THANKS

There have been many instances where bereaved families have requested mourners to make donations to the Eighty Club Melbourne, in lieu of floral tributes. It is very touching that, in the midst of their sadness and bewilderment, individuals and families think of the Less Fortunate persons back in Sri Lanka and decide to help them rather than have mourners spend money on flowers that will wither and die with no benefit to anyone. We, in the Eighty Club Melbourne, thank all such families from the bottom of our hearts for your thoughtfulness. May God Bless you ALL and help you to bear and accept your loss and may your loved one Rest In Peace.
Editor.

Honours and Congratulations

It is with great pride that we congratulate Anne Salvador-Dunlop who was awarded the OAM (Order of Australia Medal), which was conferred on her for 'Sevice to the International Community through Humanitarian Programs' by the Governor General of Australia, on Australia Day, January 2017.

Anne has been an active member of the Eighty Club Melbourne for more than a decade and has been instrumental in coordinating donations of clothing to the Welfare Beneficiaries of the club on a couple of occasions. Disadvantaged children from the Batticaloa Burgher Association have also been fortunate to be the recipients of Christmas gift packs through her charity

Network Heaven, over the years.

Anne's charity work commenced back in 2001, when she founded and coordinated the charity, Network Heaven, which operates under the Frenchs Forest Baptist Church, NSW. This work has expanded over the past 16 years, committed to assisting disadvantaged and destitute elderly persons, and children in Sri Lanka. Given her long association with the Eighty Club Melbourne, Anne's focus is to ensure that disadvantaged children in Sri Lanka are given the opportunity to break the cycle of poverty through education. At present she personally sponsors 3 students through the Eighty Club Melbourne and hopes they will take advantage of the opportunity and aspire to become a professional in their chosen career'.

We wish Anne all the very best in her endeavors and the charitable work she does for the Less Fortunate.

Mrs Etienne Jayatunge, Administrative Secretary of the DBU, Colombo, has been awarded and made a Honorary Member of the DBU, Colombo in recognition for her invaluable and selfless service, and her long period of service to the DBU.

Etienne has excelled in this role and been an asset to the Eighty Club Melbourne, coordinating, facilitating and reporting on our WB scheme and Student Sponsorship Program. A quiet achiever, she has always been a beacon of hope for all the WBs who call over at the DBU and seek her assistance. The ECM is indebted to her for the countless hours devoted to the work we do, preparing and organizing the quarterly payments and assisting us with the countless applications for aid. We wish her all the very best for the future and she is truly deserving of this honour. Congratulations Etienne and our sincere thanks and appreciation for your support and help over the years. Keep up the good work !!!

Late Night Lecture

An elderly man driving erratically was stopped by the police around 2 am and asked where he was going at that time of night. **The man replied, "I'm on my way to a lecture about alcohol abuse and the effects it has on the human body, as well as smoking and staying out late."**

The officer then asked, "Really? Who's giving that lecture at this time of night?"

The man replied, "That would be my wife."

YOUR ACTIVE PARTICIPATION IS ESSENTIAL TO THEIR NEEDS

The Eighty Club Melbourne has over the last 34 years strived hard to ease the suffering of the 'Less Fortunate'. The challenge and struggle continues on, to ease poverty and sickness in our community in Sri Lanka. Our events and functions are our main source of raising funds necessary to sustain our commitment to our Welfare Beneficiaries and also helps us increase our aid to those numerous poor seeking help. As a loyal supporter of our various projects, we are asking for your assistance by attending the above events and share with us the gift of giving and to lend us a helping hand. Apart from helping generate the funds necessary to continue the valuable work we do, these functions are also a great place to meet your friends and have a great day. Show us your support by turning up with your relatives, friends and colleagues to these events to help and "Care for the Less Fortunate".

They need your support to help change their lives.

EXERCISES FOR SENIORS

You know how important exercise is, as we grow older. Here are a few suggestions. I start by standing outside behind the house and, with a 5 pound potato sack in each hand, extend my arms straight out to my sides and hold them there as long as I can.

After a few weeks I moved up to 10 pound potato sacks, then 50 pound potato sacks and finally I got to where I could lift a 100 pound potato sack in each hand and hold my arms straight out for more than a full minute!

Next, I started putting a few potatoes IN the sacks, but I would caution you not to overdo it at this level.

RETIREMENT, A WIFE'S VIEW
