President's Message - Earle Ferdinand

These are challenging and unsettling times for all of us, all over the world.

Together with the Committee, our sincere wish is that you, your loved ones, friends and colleagues have safe passage through this period of uncertainty. It is important that we all take good care of ourselves by staying positive, support each other and keep smiling. We are not alone and there are countless people, heroes in their own right, rising to the challenges of taking good care of us and to also overcome this virus. We can only look on in awe, at all these people who risk their own lives in the service of others.

While we do go through life, with a singular purpose and aim to better our future and in doing so care for those we love, we do have a conscious recognition of the fact that there are many, from diverse walks of life, who share and are a part of our lives. There are many ties that bind us all together, family, friends, work colleagues and the numerous nameless faces we meet on a daily basis. It is a sharing of ourselves with love, friendship and mutual respect. A sharing of good times filled with fun, laughter and companionship. Yet there are also the times when we need to lean on each other, to comfort, help and even grieve together. There may be times in our lives, like the present, where we have to deal with unforeseen events. To be dealt a 'curve ball' in life, as some may call it and coping can be stressful, creating a paradox of emotions. Yet, these are the very same emotive responses that define ourselves, what brings us all together, shaping our lives and making changes, how we think, act and behave not only to ourselves, but also to all those who share and are a part of our lives.

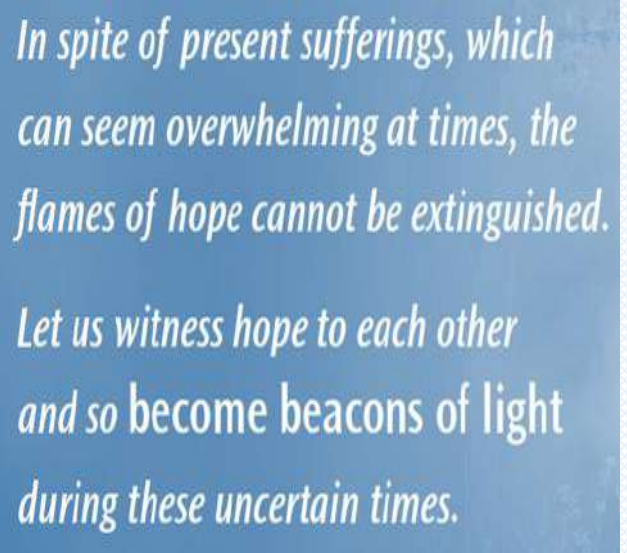

We need to look no further, to realize that recent events in this world has brought people from diverse backgrounds together, working in adversity to help their neighbor, protesting against social injustices and making their voices heard. Standing together with the belief that together we can make it better for all of us. If there is one thing we can aspire to, it lies in a simple thought that we can make this world a better place for all of us. Hope for the future.

It is this Hope that commits us to continue supporting our Welfare Beneficiaries and Students. We must do our very best to deliver the hope they need in their daily struggles and in their lives. To all of them, each day is to wake up uncertain and fearful of what the day would bring and what the future holds. In the twilight of their years they are too old and feeble to fend for themselves or to earn a living. The charity of others is all they can look forward to and it is at times like this that they need our help more than ever. 'Social isolation' takes a toll on all of us. Modern technology, to those of us who are fortunate to be able to access it, helps us to communicate. Yet, pause for a moment, to contemplate and visualize the plight of all those we help, having to deal with the curfew in Sri Lanka isolating them, unable to get about even to purchase a few meagre rations, or seek help. With little or no income, other than what we give them, their lives are made even more difficult with the rising costs of essentials, as is the norm when disasters occur.

During these uncertain times, we are especially grateful to our community of members and supporters, for their thoughtfulness and generosity in 'Caring for these 'Less Fortunate' members of our community in Sri Lanka.

Even though to date, we had to cancel all our fundraisers, we can and will work for a common cause to ensure that our mission to help will continue always.

All I ask of you is to share and to give whatever you can, to help us meet the present challenges. They depend on you and their Blessings will be tenfold and more.

*In spite of present sufferings, which
can seem overwhelming at times, the
flames of hope cannot be extinguished.*

*Let us witness hope to each other
and so become beacons of light
during these uncertain times.*

Commendations and Appreciations to Roger Smith

—

Earle Ferdinand

It was not long ago, at our fundraising lunch in February this year, in response to an appeal by me for used laptops, that Roger Smith spoke to me on collecting funds to purchase new laptops for our students moving onto tertiary studies. With singular determination, Roger set about networking family and friends for funds and recently donated \$3250 towards the purchase of new laptops.

On behalf of Trevor Collette (SSP co-ordinator) and our students who will benefit from receiving a new laptop, I would like to thank Roger for all his hard work, dedication and effort in collecting these funds, his many donors and especially Mr. John Lambert, President of the Rotary Club Maroondah and members, for their generous donation of \$2000 towards this worthy cause.

We hope to negotiate purchasing these laptops very soon. (laptops spiked in price, from a run in sales due to Covid 19 and working from home). Thank you Roger, for all your support to the Eighty Club Melbourne.

This article from Mrs. Etienne Jayatunga, DBU, Colombo says it all.

Whoever thought that we would be subject to virtually a world-wide lockdown! But it did happen and we are all reeling with the after effects!

In Sri Lanka, it was curfew for nearly 75 days which meant that the daily wage earner was unable to go out to earn a living. Families were starving. I telephoned a few of them, most of whom were single mothers, and their stories were pathetic. One mother who had five teenagers was at home without work and no money. When I called she said she was seated and wondering how she was to buy some groceries to feed her brood! In addition she was faced with the problem of keeping all five children inside the confines of her small home, as the Police was quite strict in enforcing the curfew. When I inquired from another Mother how she was managing she said that she was plucking the jak fruits from her garden and she and her two children were surviving on that as she had no money to buy anything for the family! Thank God she had even a jak tree! Nilmini, who has three children, was at home desperate with no money to buy any food. When I inquired from a WB if she was ok, her reply was – I'm ok, but not enough food! This coming from an 80 year old was very, very sad. Just a few days ago, after the curfew was lifted, one Mr. B. visited the office and informed me that he, his wife and three children were starving. He was a daily paid worker and he had no work for the past three months. He was desperate and visited the office to check if any of his children's applications had been approved for sponsorship.

We at the DBU always respond and give those in need something before they leave. I am grateful to the Eighty Club for the Emergency Fund that is always available for such a time as this. Even during the curfew we braved the virus and sent out all the monies to our 750 welfare recipients and we are deeply grateful to all those who have sponsored and supported our various welfare schemes, especially to the Eighty Club.

Our Government did distribute Rs.5,000 to each family that was in need, but it was not easy to obtain this as various criteria had to be fulfilled.

Some countries are still in lockdown, but thankfully Sri Lanka handled the COVID-19 well and we are slowly but surely getting back to normal.

Thank you Eighty Club for generously coming to the aid of our WBs, even when things are difficult all around the world. On behalf of the DBU I send you my heartfelt thanks and wish your organization continued strength in the years to come.

With God's abundant blessings now and always.

Etienne

Vacancy for the Post of Honorary Treasurer

Regrettably, Rienzie van Sanden has stepped down from the post of Treasurer at the end of June this year. We extend our sincere thanks to Rienze for all the hard work done on behalf of the Club and in taking good care of the club finances, during his tenure of service to the Club and to the 'Less Fortunate'. Rienzie must be commended for his diligence and has indicated that while this was a hard decision, it was one he was compelled to make due to an increase in his personal and family commitments. We wish him all the very best for the future.

The role of Honorary Treasurer is one of significant importance to the Club and the workings of the Management Committee. I can only stress the importance that this position is filled quickly.

I am appealing to all members with Accounting /Bookkeeping skills to join our dedicated team and help us to continue our mission to 'Care for the Less Fortunate'.

1.To minimise the workload of the Treasurer, we have over the years invested in a 'cloud based' accounting system 'INTUIT QUICKBOOKS', which enables the Treasurer to login to the system and work from home, to keep track of the finances/accounts. More details can be obtained from the previous Treasurers,

2. He will be ably assisted in his work by Mrs.Ingrid Harmon (Asst. Treasurer) and with the Membership Secretary, Allan Pinder, helping with the membership subscriptions and any other matters pertaining to membership.

Mr.Trevor Collette, Student sponsorship Co-ordinator, will assist with all matters/finances relating to the Student Sponsorship Program. You will be an important part of a dedicated team, who will assist you in every way possible and help you along the way. Quickbooks is user friendly also provides 24/7 customer support.

We hope that you will be able to help, by nominating to this post and further details can be obtained by contacting Tony Scarnivel or myself. We do need to fill this position and this is an URGENT plea to come on board, assist the Club and be of service to all those who look to us for help.

We assure you that being part of our Committee will be a rewarding and fulfilling experience, working together to support and aid the many people who seek our help. It is important that we continue our work and the services we have provided over the last 38 years. We need you to help us, to continue into the future.

GIVING A CHILD A 'GIFT AT CHRISTMAS'

Soon it will be Christmas and to every child, it is a time to look forward to presents under the Christmas tree.

This year it is even more important to make sure that these children, receive a gift at Christmas and sadly, many of them will not even have a Christmas tree in their homes. Families all over the world are facing job losses and financial difficulties, unable to go about earning a living and even having food on the table. How does any parent explain a pandemic to a child? It is important to bring Joy to the lives of these children, to take away their fear and show them that we care. Let's all get together and make their Christmas day that special moment in time to believe in Santa with his reindeer and sled filled with toys, delivering gifts to every child.

By our actions, we can show them that this world is a better place. A gift at Christmas are memories that will last forever. A special

feeling and tradition that has been passed down in time, to celebrate this special season. By donating not only will you give these children a gift of love, but also a very special moment in their lives. A time to forget the hardships of life, a time of happiness and joy in receiving a 'Gift at Christmas',

Please make the dreams of every child come true at Christmas by donating to this cause.

Please contact Marie or myself on PH: 9848 4623.

Donations can be made to the club account and please ensure that it is identified as "C Gift" with either your name /phone no:

Thank You

Rodney & Marie de Kretser.

"The innocence and happiness in the smile of a child brings us immeasurable joy and pleasure.

To look into the eyes of a child who has received a gift, is to see the radiance of a million stars on a clear night".
