Easter is a special time for us all. It's about a new life, compassion, and hope.

As we celebrate Easter with our loved ones, let us reflect on the values of compassion, unity and renewal that define this special time. May the spirit of hope and generosity guide us as we strive to build a brighter future for those *less fortunate than ourselves*.

We as an active community continue to demonstrate our kindness and generosity through the support of fund-raising at events and through various other methods such as donation of funds, our time, and our prayers. Let's continue to spread hope and kindness as we continue the good work of this Club and its members.

Behind the smile and reflected in the eyes are the hardships of life

As always I look forward to visiting Sri Lanka and meeting up with family and friends. It had been a 4 year gap since my last visit, due to Covid, and putting aside my own little medical issues, I was determined to make the trip. This time I would once again be able to meet with the WB's at the annual Christmas party, hosted by the Club at the DBU, Colombo. This too had not been possible in the last 4 years due to Covid.

Single mother with an autistic child needing special care. No money for food and basic goods.

Suffers from Parkinsons disease

The President of the DBU, David Colin-Thome, the ever energetic Etienne and her team had gone to great lengths to arrange the hall, organize boxes of food and drinks and share the goodwill and festivities of Christmas. A party after 4 years!! Undoubtedly, this must have been a long awaited occasion for our WB's as on our arrival at the DBU around 8.30am, the hall was filled with all of them patiently seated and waiting for the festivities to start. I wonder what time these poor people left home and what it cost them to get to the DBU as many of them live on the outskirts of Colombo.

Speaking to many of them as I could, it was heart-wrenching to listen to their stories. The day to day existence, medical issues, housing problems and for a fact there was many a day, when they would go hungry. This was demonstrated by the fact that the boxes of food they received were promptly put into any bag they carried. Perhaps this would last them longer at home and provide them with 2 meals or perhaps feed others in the family.

His foot is at a right angle to his ankle. I am at a loss as to how he walks at all.

The winner of the 'Baila' competition

The party got under way, with the one man band hired for the occasion, crooning Christmas Carols and very soon the traditional 'Baila' was being belted out. Forgotten were all the aches, pains, and woes of life as the floor was filled with the WB's dancing the 'Baila', all vying to win the first prize!! Time had stood still for them, dressed in their Sunday best with memories of better times and happier days, when they sang, danced and enjoyed life. Those moments of happiness, were brought back to them, once again. A time to savour the food, drinks and dance your cares away. Ironically, it was also sad to see them, seemingly with not a care in the world, dancing away to a popular baila song 'Jolly Karapalla'. For those of you who remember this song, the lyrics are a parody on life itself, "Make merry, die today or die tomorrow, enjoy life".

I end this message in the hope that you will remember them in your thoughts, prayers and whenever you can, help them with your donations. It is as always, hard to describe their plight and a life they are forced to endure. The words of thanks and the gratitude they have for each and every one of you, still echo in my ears.

They Bless you from their hearts and Thank God for people like you who care and help them.

Waiting for the party to start

STUDENT SPONSORSHIP NEWS -Trevor Collette

Nirmani and her sisters Nicoli, 9 yrs
and Oshadi 8yrs

This year on my visit to Sri Lanka, I hope to meet up with students both in Colombo and Batticaloa. I am pleased that our sponsors continue to fund the education of many children in Sri Lanka. Without the help of sponsorships, parents will find it hard to meet commitments to help their children with their studies, an ongoing necessity. Even though education is mostly free in public schools, these days the cost of uniforms, shoes, school books, stationery etc are well beyond the family finances and income. Add to that the cost of travelling to school and back, together with the fact that many families are struggling to feed their children. A hungry child needs all the support we can give to help them grow physically and mentally.

Over the years your support has been the cornerstone of the SSP and seen the development of many a child. Education opening doors to finding employment and others going on to University. We aim to break the cycle of poverty by providing these children with a future, not only to help themselves, but also their siblings and parents. We do not want to see the parents as they grow older end up as Welfare Beneficiaries of the Club.

Your sponsorship funds are remitted in full at the rate of exchange at the time of payment. In addition the Club also provides new or refurbished laptops, smartphones, and other material needs, the student requires. In special circumstances, some families with no financial income are placed on the WB scheme, to help with their daily living. These are provided through our fund-raising efforts.

The little street vegetable stall
from which they eke out a living.

While we are all aware of the economic problems of Sri Lanka, It is only by visiting these families that you hear about how these poor people are struggling to survive. Their stories, far from being a complaint on life is more of a calm acceptance of their situation. They share their stories with the hope that someone will come to their aid and see to the future of their children. Nirmani, a 12 yr old girl in 2019, a victim of the Easter bombings, was fortunate to survive but unfortunately lost hearing in one ear. The trauma of this incident made it hard for her to concentrate on her studies and she failed her GCE exams. Added to her predicament was the fact that the father, a drug addict, compelled to attend drug rehabilitation, was monitored by the police and was of no help to the

family. The mother eked out a living selling vegetables and at times pork and chicken at a little street stall, in front of their house.

*Furthermore, the mother was struggling to send the 2 younger girls to school and ensure they received an education. Thankfully, these 2 girls are now sponsored by the Club and the eldest girl, Nirmani is now looking at following a course in either hairdressing or cake making. This is the story of only one family and there are many more in similar situations. **Your sponsorship will make a difference in the lives of these children and also their families.***

On the left is Ishani VanCuylenberg receiving a new laptop on behalf of her son Sohan, a student at Wayamba University, studying Automotive Hybrid Technology. Sohan receives a PSET (Post Secondary Education and Tertiary Studies) allowance to help him with Uni expenses.

In the background is her daughter, Sonali, who met with a serious accident travelling in a 'TukTuk' and needs continual medical attention/surgery to correct neck and spinal cord problems. Unfortunately, she was also compelled to resign her job in the army.

Furthermore, we have been informed that the mother, Ishani, has been diagnosed with suspected breast cancer. This was brought to the attention of an ECM Committee member presently in Sri Lanka, who promptly gave her financial aid to expedite a mammogram test which was urgently required.

We pray and hope that there is good news on the horizon for this family as fate seems to be dealing them one cruel blow after another.

Child Sponsorship really does transform lives – for children, their families and communities, and for sponsors. Children who are sponsored see their life choices grow – they're able to dream of a brighter future, then build it.

NOTES & NEWS

Reflections by Audrey Fernando visiting her Sponsored child in Sri Lanka

Dilruski, myself & Shavin.

Shavin (R) with my grandkids at Unawatuna

Shavin & the grandkids having fun in Galle

As promised, I am giving you an update of our recent trip to Sri Lanka when we visited my sponsored child, Shavin, & his mother Dilruski de Lisle.

I wanted to give them a mini holiday as well, so we picked them up from Pelmadulla & brought them to Unawatuna, where we were staying. I must say the trip to Pelmadulla was horrific, along very bad winding roads, and almost caused a revolt from the rest of the family, while we were trying to get there! (They certainly live in the back of beyond!) However once we did get to Unawatuna, it was lovely to see Shavin enjoying himself with my grandkids. He is a lovely, well-mannered boy and had no trouble fitting in with the 4 grandkids. I booked them a room for the night, & the next day we spent sightseeing in Galle. He got to have time playing on the beach & enjoying the pool at Unawatuna as well with the kids. I am attaching some photographs. It was good to give them this break, as I believe they have both been through a lot.

With regard to Dilruski's support, she told me her mother & sisters in law help her out financially. However, it would be good if there was a way the Club could support her with some form of employment she could undertake from home. She cannot go out to work at this stage, as she walks Shavin to school & back everyday (some 2 kms each way) & will not let him walk on his own as she says the area they live in is not safe. To me, she appears to be a very loving & supportive mother.

I believe this family deserve whatever support they can receive.

Congratulations to Victor Melder who was presented an Award of Appreciation by the Consul General for Sri Lanka in Melbourne at the Sri Lanka Independence Day commemoration.

His lifetime of service and dedication to Sri Lanka is evident in his library exceeding 5000 books and over 2000 magazines and journals. This library is a treasure trove on all aspects of Sri Lanka, let it be Historical, Cultural, Geography, Politics, Religion, Economy etc. To list all topics covered will fill this page. The library is a source of information and reference to many and will be a lasting legacy to the commitment and vision of Victor to document every facet of Sri Lanka, the land of his birth.

Keep up the good work Victor, and you are truly deserving of every award and recognition you receive. We are all proud of your achievements!!

LAPTOPS & SMART PHONES GATHERING DUST??

In our throw away world, we constantly update our 'smart devices' for newer, better models, keeping up with new technology and those older devices gather dust. There are many students who will benefit from receiving these units and help them tremendously to keep pace with their education in our present world. Please send us your old laptops, Tablets or smartphones (unlocked, with all personal data deleted). We will be happy to send them over to Sri Lanka and our deserving students will be happy to have them. They simply do not have the money to buy them.

Thank you to all those who have contributed to this cause, which has benefitted many students.

Please contact Earle – editor@eightyclubmelbourne.org.au if you can help!!!. MOB: 0402 458 992

READING GLASSES / USED SPECTACLES

Once again we are looking forward to your donations of used reading glasses/spectacles as they can be utilized for many poor people who cannot afford the cost of these items. A scheme is in place where opticians check the eyesight of these poor people and proper corrective lenses are provided at little or no cost to those requiring eye-wear. **Your 'throw-away' glasses can be recycled.** Please contact Allan Pinder (details above) if you are able to help or bring them to one of our fundraising events. HELP INCREASE OUR FUNDING, BY REDUCING THE COST OF MAILING

To all our members, who presently are not on our electronic mailing list, please consider receiving our Newsletter and all other correspondence, by EMAIL. This will also enable you to receive the newsletter in colour.

Due to the escalating costs of postage and printing, an electronic mailing list will save the club approximately \$2000 this year. These savings will help increase our funding for the less fortunate in Sri Lanka

Please indicate your preference for receiving the Newsletter by contacting us on email at :
